Hi,

I am a second semester Computer Programmer student at Georgian College and currently seeking a challenging co-op position where I can utilize my programming skills. When I read your posting for a C# Software Developer, I felt that my technical expertise would be match to your requirements.

During my last semester of bachelor degree, I worked as a Junior C# developer as a team member for 5 months where I have cultivated my programming skills under senior programmer. I also have a knowledge of programming languages, databases and web developer tools. My technical skills are combined with communication skills that allow me to work effectively and positively and get along well with others.

I am eager to pursue a successful career in programming, and the C# Software Developer position is perfectly aligned with my skills and interests. I hope to find challenging and fulfilling work that will allow me to further my expertise while working within a team and growing with the organization.

I believe that I have the right skills and experience to be a great fit for this position. I look forward to being able to discuss the position with you further.

Sincerely

**Prashant Vaghela**
